This year historian V. Sriram is conducting the tour as part of Madras Musings Heritage tour.

This tour is to awaken the public and make them appreciate the vision of the founders of the Chennai Port Trust, the contribution of the port to the growth of Chennai and the efforts of RMYC to promote sailing which is an eco-friendly and clean sport. RMYC members have won international and national medals in sailing. The RMYC was started by the first Chairman of Madras Port, Sir Francis Spring in 1910 when he founded the Port. Till date, successive Chairmen have been Patrons of the Club.

The Tour will cover the memorial stones inside the Port Trust office building, guest house, passenger terminal inside the Port, Royal Madras Yacht Club and foundation stone of Jawahar Docks.
